Dear Pam,

Last year at General Assembly representatives of the Theological Task Force invited the Covenant Network to meet with us to update you on what the Task Force on Peace, Unity, and Purity was doing and to engage in dialog with you. This year we invite all your members attending GA to our Pre-GA conference where you can learn what we have accomplished, and we can get your opinions about our future directions. The conference, *Seeking Peace, Unity, and Purity: The Theological Task Force at Mid-Point*, will take place Saturday morning, June 26, from 8 AM-noon. At this conference we will be presenting the attached *Preliminary Report* and explain its biblical foundations, giving you an accurate basis for considering our work. The GA registration material contains a form for enrolling.

Also at General Assembly we invite you to one of the previews of our second video on *Christology*, featuring Mark Achtemeier, which will take place Sunday, June 27 from 3-5 PM and Wednesday, June 30 from 9:30-11:30 AM. Additional resources, a Powerpoint presentation, and a bibliography are available on our website: www.pcusa/peaceunitypurity.

We on the Theological Task Force are trying to keep the church informed of our progress and to offer opportunities and resource materials for presbyteries and congregations to share with us in our work for the church. We welcome your participation with us.

Yours in Christ,

Gary Demarest
